

HiNC3

History of Nordic Computing 18-20 October 2010, Stockholm Sweden

The Third IFIP WG9.7 Working Conference on History of Nordic Computing, HiNC3, will take place in Kista, Stockholm 18-20 October 2010.

The conference features contributions on Nordic IT history with a focus on IT use in organizations and by the individual, and how the conditions for development and use of IT systems have been affected by technical progress.
